**Top-down Squeeze-off Solutions
for 3" to 6" (76mm to 152mm) PE Pipe**

Timberline TR650

Ratchet style handle for controlled squeeze-off and release.

Long handle keeps operator safely above ground.

Operates in 18 inch keyhole.

Top-down application eliminates the need for under-the-pipe excavation.

Automatically centers pipe in the jaws.

Interchangeable jaw adapts tool to various pipe diameters from 3 to 6 inch. (2 sizes included)

Light weight for manual placement and operation by one person.

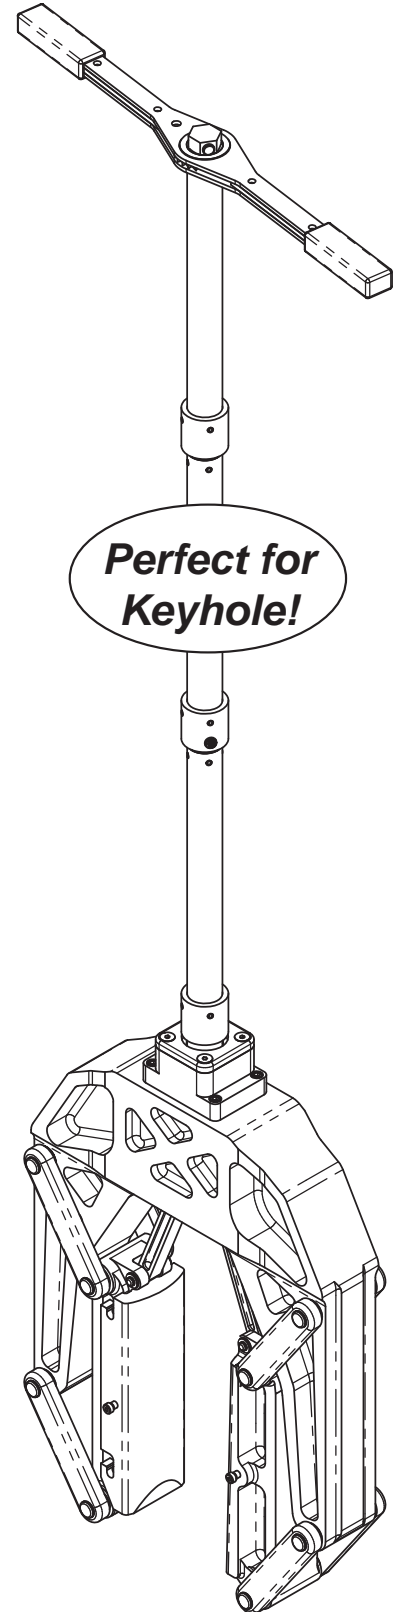

CNC-machined components ensure proper fit and long operating life.

Aircraft-grade aluminum for high strength, corrosion resistance, and durability.

Large jaw radius provides safe squeeze-off at 15% wall compression.

Lockout/tagout capability for operator safety.

Equipped with copper static-electricity grounding rod.

Length:	6.5 ft	(2.0 m)
Width:	17.8 in	(45.1 cm)
Weight:	60.0 lb	(27.3 kg)

Custom Lengths Available.
